This text provides an accessible guide to the theories and debates that surround the key political concepts of state, citizenship, and democracy today. Is 'citizenship' still a useful concept? Can citizens - and democracy - exist independently of the state? This text provides an accessible guide to the theor. John Hoffman's *Citizenship Beyond the State* seeks to make the case for the separation of the notion of citizenship from its dominant definition linked to legal membership within a state. The state, argues the book, is a barrier to egalitarian and emancipatory forms of citizenship. *Citizenship Beyond the State* [John Hoffman] on tektienen.com \*FREE\* shipping on qualifying offers.
