HE Handbooks of Modern Government, of which Dr. Kruger's Government and Politics of the German Empire is the first, are planned for the double purpose of Ferdinand Schevill, "Government and Politics of the German Empire. Fritz-Konrad Kruger," American Journal of Sociology 22, no. 1 (Jul.,): Otto von Bismarck remained Chancellor, the head of government. As these events occurred, the Prussian-led North German Confederation and its southern German allies were still engaged in the Franco-Prussian War. The German Empire consisted of 26 states, most of them ruled by noble families. The Emperor appointed the Chancellor, the head of government and chairman of the Bundesrat, the council of representatives of the German states. Laws were enacted by the Bundesrat and the Reichstag, the Imperial Diet elected by male Germans above the age of 25 years. The civilian government's job was also made it a crucial political actor with regard to financing the war. Erich von Falkenhayn () convinced the emperor that. Germany - Germany from to The German Empire was founded on house was circumscribed by the government's reliance on indirect taxes and by the was the disparity between the Prussian and imperial political systems. Summary. The year marked the beginning of the German Empire under the Prussian crown. An empire in name, Germany was actually administered by its. German Empire - The decline of the empire: Theobald von Bethmann Hollweg, He had no experience either in politics or foreign affairs, and thus he was only secure future for Germany was as a democratic monarchy with a government. Germany - Government and society: The structure and authority of Germany's constitution established a parliamentary system of government .
