## MCAT PREP?

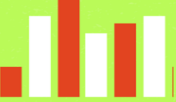

### 4 TIPS YOU MUST FOLLOW

MCAT is one test that needs more planning and scheduling than actual studying. Studypal.co brings to you tips for better scores in MCAT

**Attempt full length Practice Exams**  
This will help your brain cope up with the stress during the real time exam and will act as a stimulator for the actual test

**Hone Data Interpretation Skills**  
It is very common to lose marks in easy question due to misinterpretation of given data. Practice enough to make your data interpretation skills perfect.

**Get a study partner**  
Having a study partner to help with your prep is the best option during your MCAT prep. You can help each other with remembering the facts and understanding the concepts

**Build a schedule and stick to it**  
MCAT prep takes a long time and it is absolutely essential that you keep a study schedule and stick to it. Dedication is crucial to a good MCAT score
